MARKS *of* DISTINCTION

Green

Designed to be friendly to the environment, you won't find a greener solution than our zero emission vehicles.

American Made

All vehicles are assembled in Reedsburg, Wisconsin by skilled American workers.

Smart Power

With over 60 years of practical experience our power systems are the most intelligent in the industry.

Built Strong

We use the strongest materials in the industry to build vehicles that outlast the competition.

Easy Maintenance

Our engineers hate "knuckle-busters", so they work hard to make our vehicles easy to service and maintain.

Extreme Range

Our vehicles have all the range you need to get more done with power to spare.

Ergonomics

Our design teams focus on making our vehicles the most comfortable to operate or ride in.

ABOUT COLUMBIA

Columbia is proud of more than 60 years of success in the electric vehicle industry. As a member of the Nordic Group of Companies, you're assured we are more than able to serve you today - as well as tomorrow. The Nordic Group of Companies is a family-owned, Wisconsin based business including Flambeau and Seats Incorporated - two leaders in the industries they serve.

Legal Statement Features, options, specifications, color availability and model designations are subject to change without notice. Some vehicles are pictured with options that may be available at extra cost or may not be available on some models. Ask your dealer about the availability of options and verify that the vehicle you order includes the equipment you require.

- ① **MAX SPEED** = maximum speed the vehicle is designed to travel
- ② **RATED CAPACITY** = total weight of the operator, passenger(s), options and payload that the vehicle is rated to carry
- ③ **TOWING** = rolling load that the vehicle can tow on a flat /level surface
